Shafayet Nur Alam

ERP Project Manager | ERP System Implementation, PHP, MySQL
Dhaka, Bangladesh

Summary

Star Line Food Products and Ena Food & Beverage rely on comprehensive ERP systems managed by the person, enabling seamless implementation, updates, and maintenance. Their expertise spans PHP, MySQL backend development, and Bootstrap-based frontend design, ensuring optimized workflows and system performance. They bring skills in big data analysis and system integration to streamline operations and enhance business efficiency.

Currently pursuing a Bachelor of Science in Computer Science and Engineering at Bangladesh University of Business & Technology, they combine academic knowledge with practical experience to develop scalable solutions. As Chief of Operations at i3 intelligence, they oversee web application projects, focusing on quality and user experience. Passionate about using technology to solve real-world problems, they aim to drive innovation and growth.
